

VINEYARD TOUR ON THE TOPIC „New eco-friendly grape varieties“ (PIWI)

During a 0.3 km walk through the vineyard, the advantages of new, eco-friendly grape varieties (PIWI) for viticulture are explained at various stations.

These actively contribute to environmental protection.

Afterwards, we invite you to a wine tasting (Natural Wines).

Option: Guided tour of the vineyard.

We kindly ask that you book in advance for a guided tour and/or wine tasting:
